
FragNet prediction error and similarity to training molecules
Test set: prediction error vs similarity
n = 3,960
MAE = 1.262
Mean similarity = 0.525
Pearson r = 0.259
Spearman ρ = 0.240
Absolute FragNet prediction error
Top-1 training similarity (Morgan Tanimoto)
Test set: prediction error vs similarity
n = 3,960
MAE = 1.262
Mean similarity = 0.481
Pearson r = 0.262
Spearman ρ = 0.254
Absolute FragNet prediction error
Mean top-5 training similarity (Morgan Tanimoto)
